| Mt. Nittany Room | 10'1" | 30x20 | 600 | 30 | 24 | 70 | 66 | 30 | 24 | 20 | 40 | 30 |

The above capacities indicate maximum guest seating only, and do not consider space for additional tables, buffet lines, bars, refreshment break tables, dance floor, or advanced presentation/audio visual requirements, etc.

Round tables with 8 chairs are preferable here.

Some setups such as large U Shapes or Hollow Squares are not the most desirable, and may require sound/audio amplification due to their stretch within the meeting room for best guest experience.

"w/AV" is equivalent to a screen and reasonable video projector throw-distance.
